2. Report claims within seven days of employer's knowledge and cooperate with WCF's claims staff as required in the workers compensation policy.
3. Attendance by an owner, member of management or supervisor at a minimum of two WCF safety seminars each policy year. These seminars must be conducted by WCF's safety and health staff. Association sponsored seminars may be used to satisfy this requirement only if the course has been pre-approved by WCF's safety and health management and the content is directly related to injury prevention. This requirement may also be satisfied by completion, within the policy year, of an OSHA 10-hour or 30-hour course.
